SKILLS

Programming Languages	Java
Frameworks	Selenium, TestNG, BDD Cucumber
API tools	Postman
Accessibility tools	NVDA
Mobile testing tools	Browser Stack
Test Management	ALM, Jira, Rally
Databases	MongoDB Compass

EXPERIENCE

Consultant Deloitte US-India	Jun 2022 - Present <i>Hyderabad, India</i>
--	---

- Proficient in all stages of the Software Testing Life Cycle (STLC), including functional, integration, regression, and end-to-end testing, using tools like Zephyr, Cucumber, Jira, and Browser Stack for mobile and web testing.
- Developed and executed automated test cases with the Cucumber BDD framework using Selenium and Java improving the efficiency of regression testing and reducing manual efforts.
- Actively participated in Agile ceremonies (Planning, Stand-ups, Retrospectives), collaborating with stakeholders and developers to clarify requirements, report bugs, and ensure effective fixes.
- Conducted accessibility testing with NVDA and performed functional testing across mobile devices (Android/iOS) to ensure quality standards and bug validation.
- Contributed to enhancing test coverage, documenting detailed test results, and continuously improving skills through training in frameworks like TestNG and Cucumber.
- Proficient in API testing using Postman and experienced in mobile application testing using BrowserStack.

Associate Consultant Infosys	Jan 2017 - Jun 2022 <i>Hyderabad, India</i>
--	--

- Actively participated in grooming, refinement, daily stand-ups, and retrospective calls, collaborating with stakeholders for clearer requirements and better understanding.
- Created, reviewed, and updated test cases based on feedback from onsite leads, executing them manually and through TestNG framework with Java and Selenium for functionality validation.
- Managed test automation by pushing scripts to GitHub and running regression tests in Jenkins, ensuring continuous integration and streamlined test execution.
- Documented test results in ALM, Jira, and qTest, identified defects, and conducted retests after resolutions; also managed a team of 3, providing guidance, training, and promoting knowledge sharing for improved test coverage and quality.

EDUCATION

B.Tech(CSE) , AITAM, Tekkali	2012 - 2016
-------------------------------------	-------------

AWARDS AND RECOGNITIONS

- SPOT Award for managing core Git operations, ensuring version control best practices, and providing team support, fostering collaboration and smooth project workflows.
- Test Automation Achievement for updating automated test suites, reducing manual effort by 60% through continuous alignment with changing application features.
