

1. Tunnel Relay

How it's Done:

- Divide participants into teams.
- Each team stands in a row with their legs wide apart.
- The first player passes a ball from between their legs (through the tunnel) to the back player, the 2nd player then passes the ball from over their head, third person again passes to fourth player through the tunnel and hence forth.

Props Needed: Basketball / Football

Outcome:

- Enhances communication, teamwork, and coordination.
- Encourages strategic planning to move efficiently.

2. Stepping Stone

How it's Done:

- Teams are given a limited number of stepping stones (e.g., flat mats or boards).
- The goal is to move from one point to another using only the stepping stones without touching the ground.
- Team members must continuously pass stones forward to advance.

Props Needed: Stepping stones (mats, boards, or tiles).

Outcome:

- Develops problem-solving skills, coordination, and trust.
- Encourages leadership and effective communication.

3. Key Punch

How it's Done:

- A designated area is set up with numbered markers (like cards or cones) randomly placed.
- The team must touch the numbers in sequence as quickly as possible.
- Only one team member can move at a time, requiring constant communication.

Props Needed: Numbered cards.

Outcome:

- Enhances focus, communication, and strategic planning.
- Encourages teams to assign roles and improve time management.

4. Props Relay

How it's Done:

- Team is given props like hula hoops.
- Each member must transport themselves using the prop across a designated area using specific rules

Props Needed: Hula hoops

Outcome:

- Builds teamwork, coordination, and creative thinking.
- Encourages adaptability and following instructions.

5. Acid River

How it's Done:

- Team has to step on a wooden plank and move across an imaginary river with coordination.

Props Needed: Wodden Board.

Outcome:

- Boosts strategic thinking, problem-solving, and team coordination.
- Encourages listening to ideas and working together.

6. Tower Block

How it's Done:

- Teams are tasked with building the tallest and most stable tower using available materials.
- Materials could include blocks

Props Needed: Blocks

Outcome:

- Develops creativity, teamwork, and precision.
- Encourages leadership and collaboration under pressure.

7. Channelize

How it's Done:

- Teams are given small pipes or channels to transport a ball or marble from one point to another.

Props Needed: Plastic pipes, channels, and a ball or marble.

Outcome:

- Improves coordination, timing, and communication.
- Encourages strategic movement and teamwork.

8. Minefield

How it's Done:

- The area is set up with obstacles (the "mines").
- One blindfolded team member is guided through the minefield by verbal instructions from their teammates.

Props Needed: Blindfolds and obstacles

Outcome:

- Enhances trust, active listening, and effective communication.
- Promotes patience and leadership.

9. Blind Tent Pitching

How it's Done:

- Teams are given a tent and must assemble it while blindfolded.
- Teammates can verbally guide each other, but only blindfolded players can physically interact with the tent.

Props Needed: Tent and blindfolds.

Outcome:

- Encourages communication, teamwork, and problem-solving.
- Develops patience and enhances leadership skills.

10. Reverse Caterpillar

How it's Done:

- Teams form a line with each member blindfolded and holding onto the shoulder of the person in front.
- The last person (not blindfolded) must guide the group using verbal cues.

Props Needed: Blindfolds, plastic bags (for extra challenge), and plastic balls.

Outcome:

- Strengthens communication, trust, and leadership.
- Promotes patience and teamwork.

11. Crazy Ball

How it's Done:

- Players are asked to stand in their respective corners with a hula hoop on the ground and they have to collect maximum number of balls from the center.

Props Needed: Hula Hoops & Plastic Balls.

Outcome:

- Develops coordination and teamwork.
- Encourages focus on synchronization and collective movement

12. Tug of War

How it's Done:

- Players are asked to stand either ends of the rope, the team that pulls the ropes towards their side, wins

Props Needed: Rope

Outcome:

- Builds teamwork, coordination, and creative thinking.
- Encourages adaptability and following instructions.
