[illegible]Special instructions to Voucher holder: *(Ignore if blank)*:

- Avoid eating for 9 to 12 hours before your test.
- For women: If you are menstruating on the day of your appointment, urine, stool, and Pap smear tests cannot be performed, as the presence of blood may affect accuracy. Please schedule these tests at least five days after your last day of menstruation.
- Urine and stool samples must be provided in the same slot. Additional charges will apply for second visit.
- ECG & TMT Tests: Shaving chest hair is not mandatory but recommended for individuals with dense hair.
- Hard copies of reports must be collected from the center upon readiness. Check with the receptionist.
- Do not drink juice, tea, or coffee before your test.
- Do not smoke, drink, chew gum, or exercise before your test.
- Avoid taking any medications before your test.
- Avoid calcium supplements for 8-12 hours before the test.
- The complete set of tests will take approximately 4-5 hours. Plan accordingly.
- The choice of TMT or 2D Echo is decided by the centre based upon medical guidelines prescribed by their doctors. You can communicate your preference, if any, to the centre. However, please note that the centre's decision will be considered as final.
- Availability of female staff is location/clinic dependent.
- Avoid taking antacids and medications containing aluminium before providing lab samples.

Please ensure this section is filled, if **Physical evaluation is included*
